

Homes and Community Renewal

SECTION 3 WORKSHOPS FOR RESIDENTS

New York State Homes and Community Renewal (HCR) invite you to join us for an informational workshop on the Housing and Urban Development Act (HUD) Section 3.

HCR is offering workshops across New York State to educate and inform residents and other eligible persons about Section 3 employment and training opportunities. Topics will include; getting certified as Section 3 eligible, priority hiring opportunities, awareness of training and job opportunities, and participation in local community development projects.

Section 3 – Section 3 is a provision of the Housing and Urban Development Act of 1968 which was enacted to help local, qualified residents participate and receive employment and training in local economic, community and neighborhood development and improvement projects. This means **YOU!**

Section 3 program **requires** that recipients of certain HUD financial assistance, to the greatest extent feasible, give priority in job training and employment for qualified residents of public housing.

For additional information, come out and participate!
